U. S. INTERVENTION MAY AVERT STRIKE SET FOR TOMORROW

RAIL LABOR BOARD OPENS INQUIRY OF SITUATION TODAY

Orders Union Chiefs and Railroad
Executives to Appear Before
It at 2 O'clock

Roads Are Firm

Reject Union Ultimatum and De-
clare Any Strike Will Be
Against Government

(By the Associated Press.)

Chicago, June 29.—Intervention by the federal government under the authority of the transportation act created to maintain the orderly course of the nation's transportation arteries loomed tonight as the final hope of averting the threatened strike of 400,000 shopmen and possibly half a million more railroad workers.

Their ultimatum to the railway executives rejected, heads of the six shop crafts unions which have called a strike for 10 o'clock Saturday morning and the leaders of four other unions now polling a strike vote prepared tonight to answer the summons of the United States Railroad Labor Board to appear in a federal investigation tomorrow afternoon at 2 o'clock.

Rail Executives Summoned.
With the union heads were summoned the executives of 23 railroads charged by the employees with illegally contracting shop work in violation of the board's orders, one of the three questions on which the shopmen have been casting strike ballots for the last two weeks. Other railway executives of the 201 Class I roads in the country also were asked by the board to be present.

Developments of the strike situation came in rapid succession today. International presidents of the six shop unions announced telegrams authorizing their membership to walk out Saturday morning.

The Labor board immediately recognized a threatened interruption of traffic, and acting under the authority of the transportation act, issued a citation to the strike leaders to come before it for official inquiry.

The Association of Railway Executives, meeting here on other matters, considered and rejected the union proposal of a truce pending negotiations over wages and working conditions.

The executives declared that a strike would be against the orders of the Labor board and against the United States government, and thus absolved themselves from further responsibility to the present situation.

There is little likelihood, officials said, that any conference could be arranged to mend the differences of the employees and the roads, and most of the executives departed tonight for their homes. Executives of only 16 of the 23 roads cited were present at today's meeting but they were expected to appear before the board tomorrow.

The July 1 \$60,000,000 wage cut and modification of seven rules were the two questions involved in the shopmen's strike vote, which are conditions laid down by the Labor board, according to the carriers' position. Defiance of these orders by the roads would be tantamount to a declaration of war against the government, said the executives.

The reply was directed to B. M. Jewell, president of the railway employees' department of the American Federation of Labor, of which all ten unions who threaten to strike are members.

Hooper Defends Labor Board.
Ben W. Hooper, chairman of the Labor board, who was credited with having taken the leadership in averting the threatened railway strike last October, tonight issued a statement declaring that "it is evident to every student of the situation that the railway labor organizations have no just cause for serious complaint at the treatment they have received at the hands of the federal wage tribunals during the war period and since."

The statement follows:
"The people of the United States are sick and tired of having railway transportation and traffic periodically interrupted by controversies between railway managements and employees. It was this feeling which moved congress to enact the transportation act of 1920."

"The right to strike and tie up private business is quite a different thing from any supposed right to choke and obstruct the flow of interstate commerce in this vast continental nation. Railway transportation is not a private business; it is essential to the very existence of our republic and to the individual well-being of every citizen. I do not hesitate to make the prediction that never again will there be a successful railroad strike of any considerable proportions or importance."

in this country. The people will not stand for it.
"There must be peace in the railroad. This cannot be obtained by leaving the carriers free to impose unjust conditions upon the employees or by permitting the employees by organization, however powerful, to impose unfair conditions upon the carriers and unbearable burdens upon the public."

"The able men representing the employees put their whole souls into their contentions and the questions they handle are of momentous human importance. They are doubtless often harassed by the apprehension, as are all public servants, that their constituents may not fully understand and appreciate their efforts."

"It is quite natural that they should take deeply to heart even a partial failure to attain the measure of benefits which they seek for those they so loyally represent."

"But it is evident to every student of the situation that the railway labor organizations have no just cause for serious complaint at the treatment they have received at the hands of the federal wage tribunals during the war period and since."

"The wages fixed by the recent decisions of this board will purchase more than 10 times as much as was paid prior to the war. In other words, their wages have increased by a greater percentage than has the cost of living; in some instances the increase is strikingly noticeable."

"With but slight exceptions, the great carriers of the country have paid the wages fixed by the government tribunals. Now that the decreases have come the employees should be good sports and accept the reductions."

Board Won't Permit Injustice.
"If a change in conditions should at any time justify increased wages this board will most cheerfully respond to the situation. Moreover, if it should at any time be made to appear to the board that any injustice has been done to any class of employees by any rule or wage decision under a continuation of the present conditions, it would be the duty of the board to correct such mistakes."

"Let it be understood, however, that the board is convinced at this time that it has made no mistake and committed no injustice of any notable magnitude, in its decisions on rules and wages. The board has endeavored to conform to the requirements of the law and has established a schedule of wages higher than those prevailing, as a rule, in other industries."

The employees do have one substantial grievance against the board, the carriers and that is the contracting of railway employment to so-called independent contractors. This is not simply a labor grievance; it is a public grievance. This policy, carried to its legitimate end, destroys the labor articles of the transportation act, treats the United States congress with contempt, deprives the public of lawful protection from railway labor troubles, and grievously imposes upon the employees."

"It is highly gratifying, however, that several of the carriers have withdrawn from the contract policy this week and it is hoped that all the others will follow."

"Let both the carriers and the employees deal fairly with each other and both can come before the court of public opinion with clean hands."

"Neither need have any fear that the public will permit injustice to be done them by the Railroad Labor board. If the board does not effect a substantial degree of justice both to the carriers and the employees, it will be wiped out by congress."

"First and most important of all, neither the roads nor the men should ever overlook the fact that the interests of the people at large in the country and cities must be considered in the solution of all railway problems."

Saturday a Momentous Day.
The impending walkout makes Saturday a momentous day in the railroad world. On that date the \$400,000,000 cut in freight rates ordered by the interstate commerce commission will become effective, simultaneously with a slash of \$135,000,000 from the wages of railway workers ordered by the United States Railroad Labor board. The pay of the shopmen was cut \$60,000,000.

Railroad officials anticipated news of further strike orders from the Board of Transportation, issued instructions to all members of the canvass of their strike vote at Detroit.

In spite of the impending walkout in the shops and the tracks, rail officials declared they would continue to move their trains, because train employees who constitute the "Big Four" brotherhoods, switchmen and telegraphers are not parties to controversies over wages and working rules.

LABOR BOARD ABOVE UNIONS
EXECUTIVES TELL JEWELL

Chicago, June 29.—Declaring that to yield to the demands of railroad labor organizations which have ordered strikes would be a defiance of the United States Railroad Labor board, the Association of Railway Executives tonight sent a telegram to B. M. Jewell, of the American Federation of Labor, refusing to accede to demands contained in a telegram received by them from Mr. Jewell.

complain has been performed as a function expressly delegated to it by congress. To submit now to your demands and to reject the decision of the Labor board would be to recognize your power and authority greater than that of the government.

"The consequences of the rejection of this constituted governmental authority and obedience to your invisible and irresponsible power would be to continue a charge on the producing and consuming public for transportation in excess of that which the government, through its Labor board, has now declared to be just and fair. This unjust burden shall not be put upon the public by a surrender on our part to your threat of force."

"If the just authority of the government is to be successfully defied and the government is to be rendered helpless to protect its citizens in their peaceful and lawful pursuits; if patriotic and loyal obedience to government authority is to be denied, the act and responsibility is to be yours. It shall not be ours. If you strike it will be against an order of a governmental tribunal—it will be a strike against the government of the United States."

The telegram was signed by T. De Witt Cuyler, chairman of the Association of Railway Executives.

MAINTENANCE MEN'S STRIKE ORDER HELD UP

Detroit, Mich., June 29.—Although members of the International Brotherhood of Maintenance of Way Employees and Railway Shop Laborers have voted overwhelmingly in favor of a strike, no strike order will be issued until after the meeting of railway executives and union officials with the United States Labor Board tomorrow. It was announced tonight by E. F. Grable of Detroit, president of the brotherhood.

Mr. Grable declared he interpreted the board's order to mean that the railroads are ordered to maintain the present wage rate in effect until after completion of the meeting, as well as ordering the chief executives of the various organizations to hold their members at work.

The summons was received while telegrams were being prepared for maintenance union leaders all over the country, instructing them to call out their men in conformity with the strike vote taken by the brotherhood which showed sentiment overwhelmingly in favor of such action.

Tabulation of all strike ballots received here in the national referendum, completed this afternoon, showed the union had voted 228,970 to 73,756 in favor of suspension of work. President Grable told the Associated Press that while he would not attempt to forecast the possible result of tomorrow's meeting, the union leaders would stand firm for "some definite assurance."

D. & H. LACKAWANNA, ERIE SHOPMEN GET STRIKE ORDER

Binghamton, June 29.—Shop crafts workers of the Erie, Lackawanna and Delaware and Hudson railroads in this city received strike orders today and are preparing to go out on Saturday. About 300 men are affected here. In Susquehanna, Pa., the men received the same authorization today and are ready to join the walkout. The Susquehanna men are among the most important on the Erie system. Similar orders reached the men employed in the Delaware and Hudson shops at Oneonta.

At Sayre, Pa., representatives of the shop workers' organizations from many points along the Lehigh Valley held a meeting tonight to consider, it was said, the action of the company in rushing a large number of locomotives to that point to be repaired in anticipation of the strike.

"Big Four" Men Not Affected.
Cleveland, June 29.—Engineers and trainmen, members of the railroad brotherhoods with headquarters in this city, will continue to perform their regular duties and will not take the places of any railroad employees in the strike of the shop crafts called for Saturday morning, chiefs of these brotherhoods advised members of their organizations today.

Warren S. Stone, president of the Brotherhood of Locomotive Engineers, and William G. Lee, president of the Brotherhood of Trainmen, issued instructions to all members of the members of their organizations today. W. S. Carter, president of the Brotherhood of Locomotive Firemen and Engine-men, was absent from the city today, but it was expected officials at local headquarters would issue similar instructions to firemen.

HIGH HONOR BESTOWED ON MARCONI, RADIO INVENTOR

New York, June 29.—The John Fritz medal, one of the highest distinctions bestowed by the engineering profession in 1922 to Senator Guglielmo Marconi.

"This medal is awarded to you for the invention of wireless telegraphy," said the committee communication to Senator Marconi from Prof. A. Adams of Harvard, chairman, and Charles F. Rand of New York, secretary of the John Fritz medal board of awards.

DEMPSEY ACCEPTS WILLS' CHALLENGE

First Step in Negotiations Which
It Is Believed Will Bring
Boxers Together

(By the Associated Press.)
New York, June 29.—First steps in negotiations which it is believed eventually will bring Jack Dempsey and Harry Wills, negro pugilist, into the ring for a titular match for heavy-weight crown, were taken today when Dempsey formally accepted Wills' challenge.

The acceptance was announced by the New York State Boxing commission. This body officially acknowledged receipt of the challenge and deposit of \$2,500 and gave Dempsey until July 10 to accept bouts with Bill Brennan, Jess Willard and Harry Greb, and while not all these contests would be of championship caliber, they would lead, in training and combat, to preparation for a clash with Wills.

As far as known, the negro heavyweight has no prospective matches in sight at the present time. In today's interview with the press, Governor Miller announced that he would maintain a "hands off" policy in regard to the proposed world's heavyweight title battle between Jack Dempsey and Harry Wills.

The Governor has no objection to a black man fighting a white man, he said, adding that he was most decidedly in favor of the best man, "white or black." The affair is in the hands of the boxing commission, the Governor intimated, and will be left to that body.

STATE POSTMASTERS CLOSE CONVENTION

Resolutions Recommend Upward
Revision of Parcel Post Rates;
Officers Elected

Utica, June 29.—Lloyd M. Hallenbeck of Oneonta, N. Y., was elected president of the New York State League of Postmasters at the closing session of the annual convention here today. Other officers chosen were:

First vice president, Robert J. Healey, New York Mills; second vice president, Mrs. Nellie Chapman, Ithaca; third vice president, Mrs. Florence E. Warner, Strickleville; secretary and treasurer, W. L. Coe, Hastings.

A proposal to hold next year's convention jointly with the Pennsylvania postmasters was favored and the arrangements were left in the hands of the executive committee.

The advisability of closing third and fourth class post offices on Sunday was presented in an address by John T. Clapp of Beach Grove, Ind., president of the National League of Postmasters. Mr. Clapp also declared that the postmasters are not properly represented at Washington during sessions of congress.

Resolutions adopted recommended general revision of parcel post rates, as being too low, except the local rates.

STATE PRINTING CONTRACTS

Albany, June 29.—The State Board of Estimate and Control, of which Governor Miller is chairman, today announced the awarding of contracts totaling \$358,480.17 for state printing and supplies. The governor said that by a new system of grouping contracts, thereby eliminating items and cutting down others, a saving of more than a half million dollars had been effected.

WAGE DISPUTE CONTINUES

Detroit, June 29.—Efforts to settle the wage dispute between three railroads operating car ferries on the Great Lakes and sailors, firemen, oilers, water tenders, coal passers, marine cooks and stewards, were unavailing today and representatives of the railroads and the unions here postponed their conference.

BUFFALO TRACTION MEN VOTE STRIKE

Protest Against Two-Cent Wage
Cut—Striking Longshoremen
Appeal to City Council

Buffalo, June 29.—The local traction company's employees tonight voted to strike at midnight Saturday if their wages are cut two and a half cents an hour to 52 1/2 cents. This union mans the Buffalo lines and the interurban lines to the Tonawandas, Niagara Falls and to Lockport.

The striking longshoremen of the Buffalo docks have drafted a protest to the city council against the importation of negro strikebreakers from the south by William J. Conners, who holds contracts for the stevedore work on practically all lake freighters except gain carriers. Owen J. Cavanaugh, for the union, alleges the negroes were imported in ignorance of strike conditions. The local organization of all marine workers in Buffalo and the Tonawandas today decided not to declare a sympathetic strike in behalf of the longshoremen. Individual union contracts forbid such action, the officials said.

CLUB WOMEN HOLD POLITICAL DEBATE

Finally Adopt Resolution Reaffirming
Faith in Merit System
of Office Appointment

Chautauque, June 29.—With 430 delegates voting, the biennial convention of the General Federation of Women's Clubs today threw out a resolution declaring that "an attack is being made upon the civil service" and substituted a resolution "reaffirming faith in the merit system of appointment to office."

Charges of "partisanship" and "political favor" were tossed about during debate on the resolution. Mrs. Frank W. Dodson of Iowa, in charge of organizing for the National Republican committee, declared that "no proof exists of an attack on the civil service" by the party now in power.

Mrs. Maggie W. Barry of Texas, chairman of the Federation Home Economics committee, said that the only political significance was in the discussion on the floor and not in the resolution itself.

Miss Mary Garrett Hay of New York demanded to know if the "Federation is afraid to say what is known to be true."

The convention referred back to committee a resolution calling for a federal enactment and improved state regulation of child labor and passed a recommendation for development of the Mississippi waterways and the regulation of billboards.

Invitations were presented today from Grand Canyon, Arizona, and Atlanta, Ga., for the 1923 council meeting and from St. Louis, Mo., and Los Angeles, for the 1924 biennial.

ATTORNEY GENERAL NEWTON CANDIDATE FOR REELECTION

Albany, June 29.—The candidacy of Attorney General Charles D. Newton for re-nomination and re-election was formally launched here today by Thomas F. Fennell, first deputy attorney general.

Mr. Fennell's declaration came in the form of a reply to an inquiry whether he had seen his own name mentioned for the attorney general nomination.

BERLIN POLICE COMPLIMENTED

Have Arrested Eighty Persons in
Connection With Assassina-
tion of Dr. Rathenau

(By the Associated Press.)

Berlin, June 29.—Virtually all Berlin was commenting today on the rapidity with which the police have tracked down persons alleged to have been responsible for the assassination of Dr. Walter Rathenau, the foreign minister.

When the murder was committed five days ago in a quiet section of Berlin, the disguised assassins dropped completely out of sight for a short time, leaving no clues whatsoever. Nothing was obtainable except contradictory reports of casual witnesses who happened to be in the neighborhood where the crime was perpetrated. Today, with the police alleging that they have under arrest the man who drove the murder car and also the owner of the car, and in addition that they have received full confessions from various alleged accomplices in the deed, commendation is being heaped upon them.

The police assert that a certain Lieutenant Bracht, who they allege was concerned in the killing of Iosif Luxemburg, the radical Socialist, was one of the best sources of information in running down the assassins. This man was given the "third degree" for 48 hours and finally succumbed to the grilling and divulged names of persons he accused of having been implicated in the plot to kill Rathenau. It was the testimony of this man, so say the police, that enabled them to coordinate circumstances, find evidence in their possession and round up the conspirators.

Altogether 80 persons have been arrested, all of them members of the "Consul" organization.

M'CUMBER LEAD IN PRIMARY CUT DOWN

Only 3,500 Votes Ahead of Non-
Partisan Candidate for
Senator From Dakota

(By the Associated Press.)

Fargo, N. D., June 29.—Menacing the early lead established by Senator Foster J. McCumber in his contest for re-nomination, Lynn J. Frazier, non-partisan, had cut the senator's lead to 3,500 in returns available early tonight from yesterday's state-wide primary in North Dakota.

His margin was shown when 97,000 votes had been tabulated, or approximately five-eighths of the total Republican ballots. At that time Governor R. A. Nestos, independent, had a lead of 21,000 over J. F. Baker, non-partisan, for the Republican gubernatorial nomination.

When 920 precincts out of 2,064 in the state had reported, McCumber had 49,953 votes and Frazier 46,434. In 940 precincts, Nestos polled 63,819 votes and Baker 28,476. Ormsby McHugh, for senator, and H. L. Stegner, for governor, were entirely out of the running, with only a few hundred votes each.

Non-partisan leaders were claiming Frazier's nomination, declaring the rural precincts still unreported would give him a plurality of several thousand. Meanwhile, independent forces claimed the re-nomination of Governor Nestos and the remainder of the state ticket they had endorsed.

TAFT PAYS TRIBUTE TO NEWSPAPER MEN

Selection of Harding and Harvey
Has Proved Importance of
Profession, He Asserts

(By the Associated Press.)

London, June 29.—Chief Justice Taft of the United States, entertained at a luncheon today by the British Press club, told its members the United States had recognized the importance and power of their profession by choosing Warren G. Harding as President and George Harvey as American ambassador to England.

"It has not been in the business control of a great daily newspaper," Mr. Taft declared, "that earned Mr. Harvey his high post, but his experience and force as an editor. His training taught him to deal with matters promptly and forcefully and showed him that the best way out of a scrap is through it."

The chief justice added that the ambassador and he did not always agree politically, but that they were as one in their love for their own country and their profound respect and regard for England.

William Rockefeller's Estate Goes to Children

(By the Associated Press.)

New York, June 29.—All but \$100,000 of the great estate of William Rockefeller, brother of John D. Rockefeller, and rated as one of the world's richest men, will remain in the Rockefeller family, under the terms of his will, filed for probate today.

The \$100,000 goes to the only executor named who is not a member of the family—John A. Garver, lawyer, who drew the will. The rest of the

AMERICANS IN MEXICO FREED

Rebel Chief and His Men Leave
Oilmen's Camp After
24-Hour Stay

REPORTS NEW RAID

U. S. Consul Declares Half Dozen
Americans Were Seized in
British Oil Camp

Washington, June 29.—Over-night advice to the state department from Tampico served to change materially the situation in the Mexican oil region resulting from the holding for ransom by a rebel band of 40 American employees at the Aguada camp of the Cortez oil company, an American-owned concern. Consul Shaw reported that the rebel chief, Gurgaya, and his men left the camp Monday morning after a 24-hour stay. The message, dated yesterday, seemed to have cleared the air, but on its heels came another dispatch filed last night by the consul, saying that the rebels had seized the Ixtapa camp of the British-owned Lacorona company, and that about half a dozen Americans were among the 85 men held there.

No further advice came during the day. In demanding 5,000 pesos for the surrender of the Peccera property and the employees, the rebels fixed July 2 as the date by which payment must be made. Whether the 15,000 pesos demanded at the Aguada camp was paid was not stated in any messages.

President Obregon's View.
San Francisco, June 29.—President Obregon of Mexico, in a telegram to the San Francisco "Chronicle," asserted that news from Tampico of Americans held captive by bandits was absolutely baseless. He characterized the dispatch as "only one of many malicious deeds to create unfavorable opinion in the two nations."

The "Chronicle" telegraphed to President Obregon, asking for a statement as to the conditions at Tampico and the truth of reports of Americans held for ransom. His answer read:

"As chief executive, when I received your dispatch I knew that the news to which you alluded was absolutely false and one of the many malicious deeds of persons whose intentions are inimical to the interests of Mexico. However, to satisfy public opinion, I telegraphed to the chief of operations at Huasteca for complete information."

The text of two replies from General Sanchez, chief at Huasteca, are submitted. One reads: "I have the honor to inform you that there has just arrived here from Oseuluma an automobile containing General Panulio, two officers and three troopers, having passed through La Aguda, La Pluma and El Rosillo. They report everything is normal."

Bielaski Makes His Escape.
Mexico City, June 29.—Escaping from his bandit kidnappers after four days of captivity, A. Bruce Bielaski, former head of the American department of justice investigation bureau, has returned to Mexico City.

Covered with dust, unshaven and showing plainly the marks of his imprisonment in the mountains of Morelos, Bielaski was taken to his apartment, where his wife and half a dozen friends greeted him.

While he refused to talk to newspaper men, his friends declared the former American official had escaped from his captors at Tecate, walking the 20 miles to Tijuana, a town in which he was captured last Sunday while motoring.

Julius Lacard, head of the Mexico City banking firm which is understood to have furnished the 10,000 pesos for the ransom on the order of Mr. Bielaski's New York company, said he had been authorized to state that Bielaski eluded his captors before the money was paid. He also stated that the captive suffered no more ill effects than might be expected from four days of roughing it in the mountains.

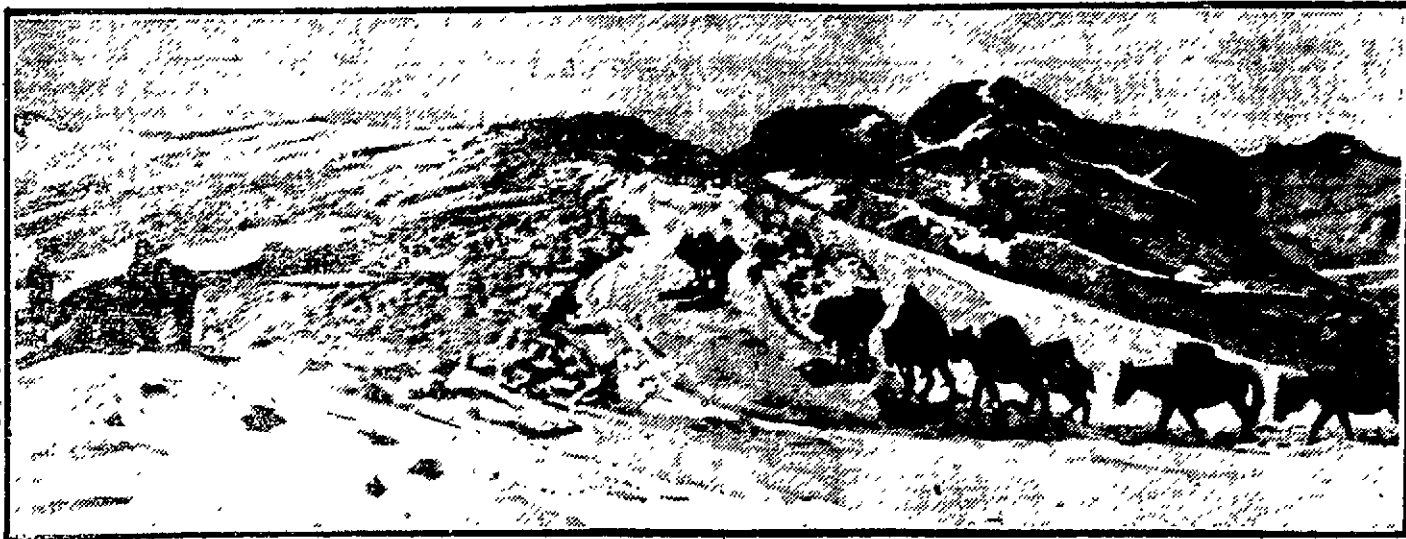

Dozens of automobiles carrying Americans who since Sunday have sought to get in contact with the bandits, returned to the capital, each person telling a different version of the affair and ascribing credit for Bielaski's safe return to several sources.

WEST SHORE TRAFFIC INTERRUPTED BY WRACK

Poughkeepsie, June 29.—South-bound traffic on the West Shore railroad was diverted over the Ontario and Western railroad as the result of the derailment of 18 cars of an east-bound freight train one mile north of Highland at 3 o'clock this afternoon. A broken wheel precipitated the derailment. No one was injured.

Railroad authorities did not expect to have the road clear before midnight.

Climbing Higher Than Man Has Ever Gone Before.

To reach the peak of Mt. Everest has been man's ambition for many years. Three Englishmen, Mallory, Somerville and Norton, have gone 26,800 feet, farther than man has ever gone before, without artificial supply of oxygen. They are just 2200 feet below the summit, ready to advance with tanked oxygen. This photo was taken as the expedition crossed the snow barren at Jolip La.

BOSTON & ALBANY OPENS ITS LOCOMOTIVE SHOPS

Boston, June 29. — The Boston & Albany railroad company announced that effective July 3 its locomotive shops at West Springfield would be operated with a full force on a five-days-a-week basis. The closing of the shop on April 26 was attributed to business depression. As business improved, the employees were gradually given work and at present about 120 men are employed out of a full force of 450. The West Springfield car shops have been running steadily on full time and with a full force.

Happening of Live Interest in One- and Surrounding Counties.

The Richmondville Phoenix states that blight has suddenly appeared on the fruit trees in that section; and that most of the plums, apples and pears have dropped off, changing the prospect for a bumper crop to an outlook for a very short one.

Recently Kenneth Sherwood, of Roscoe, went out in the evening with another boy to hang May baskets. He ran through the yard of a residence where a wire clothes line was stretched and the wire caught him in the mouth. On the rebound the wire caught Kennedy's teeth, tearing three front teeth out and loosening another. At the recent meeting of the Schoharie county grange, held at Argusville, 85 representatives of the eight granges in the county were in attendance. These granges are at Jefferson, Richmondville, Gilboa, Breakabeen, Fultonham, Gallupville, Rock District and Argusville.

The bridge at East Jefferson has been condemned. At the time this bridge was built it was sufficiently heavy to carry all loads, but with increased tonnage that now is being transported over the roads, it becomes necessary to build a bridge that will meet the requirements of the Highway law, which is 10 tons.

Kingston has more garages per capita than any city in the state, due possibly to its position as one of the gateways to the Catskills.

As a result of the recent regents examination at Sidney there were 241 papers sent to Albany, being nearly 100 more than last year.

On Monday at Binghamton, Justice Tuthill granted decrees of divorce to Minnie J. Steple of Sidney from Clinton B. Steple of Pennsylvania and to Mary L. Fitch of Johnson City against Olin B. Fitch of Sidney.

Prof. T. C. Bookhout, for some time principal of the Sidney school, has moved to Edmeston, where from this time he will be pastor of the Methodist Episcopal church, to which charge he was appointed at the Wyoming conference last spring.

Dedication of 85 elm trees to the memory of John Burroughs, the naturalist, recently took place at Big Indian in the Catskills. Each tree represents a year in the life of Mr. Burroughs.

Norwich post of the American Legion will hold a big Fourth of July celebration this year. There will be band concerts, athletic meets, ball games, dancing and in the evening a big display of fireworks.

The merchants of Norwich attended the city council meeting last Tuesday night in a body, objecting to the tax which it was proposed to lay on all freight and bus lines operating in the city. It is claimed that the tax would operate largely against trade, since these lines bring many shoppers to the city as well as carrying on the truck lines many articles of merchandise to the town.

Mrs. W. E. Holmes of Downsville, has a Bible that is over 50 years old and is still in a good state of preservation. In it is recorded the death of a resident of the town of Colchester who was over 107 years of age.

Baron Marcel von Wertram, a noted German chemist, was in Cooperstown last week consulting with the Cooperstown board of trade relative to the feasibility of establishing a factory for the production of chemical preparations in the old mill at Index.

SING 'STAR SPANGLED BANNER' YOUR OWN WAY, SAYS GEOFFREY O'HARA

Noted Composer Has Revised National Anthem.

"Discovered: The True Way to Sing 'The Star Spangled Banner.'" When this headline appeared recently in a New York paper it may have carried a bit of a jolt to the worthy few who for years had risen with the first strains of the national anthem to sing unfalteringly to the last note. By this same virtue undoubtedly many who had "hummed," rejoiced and secretly resolved to learn the words. And our ultra modern flapper—did she not register a flicker or surprise at the return of something antiquated with school-days and long hair?

But what New Yorkers thought may never be known, for as the story unfolds it develops that the true way, to sing "The Star Spangled Banner" is "everybody's way." "The people's way," according to Geoffrey O'Hara, the famous composer and Irish tenor, who brings this revision to the American public.

Mr. O'Hara, who will appear in concert on the night of the second Redpath Chautauqua day, is composer of

GEOFFREY O'HARA
Whose Songs and Stories Will Be One of the Features of the Second Evening of Chautauqua Week.

"Katie," "Tennessee, I Hear: You Calling Me," "There is No Death" and many other songs known to every American home. He had long, resented the fact that an American audience must sing its own song—its national anthem—in someone else's way. He believed that the American public had a very definite idea and a certain unanimity of self expression when allowed to sing the song unguided, and he decided to let the people settle the question. Photograph records were made of various audiences singing without direction. Three of these audiences in New York had twenty-five hundred or more in the house. When later these records were compared Mr. O'Hara was able to prove that the people did not sing "The Star Spangled Banner" in the original Francis Scott key or in the way of the United States army or navy or in the version of the American Board of Education, yet universally they sang in exactly the same way—the way of the people.

It was about this time that Mr. O'Hara was asked to prepare an arrangement of this anthem to be sung by the Mendelssohn Choir of Toronto in New York. So, guided by his photograph records and his experience as song leader in the army, where he found the men sang their national anthem in the same unauthorized way, regardless of their native state, he proceeded to produce a new "Star Spangled Banner."

In 1913, when Franklin K. Lane, then secretary of the interior, commissioned Mr. O'Hara to report on folk songs of the American Indian, Negro and French Canadians for use in government schools, he made his home with these people, and at the time he joined as song leader in the army was living in the Indian camps.

Mr. O'Hara's program on the Redpath Chautauqua program has been arranged to include many of his own compositions, rendered by himself, and Mr. O'Hara possesses a tenor voice, full, rich and powerful. He is also bringing stories rich in facts, fun and fancy, which will touch on music from every angle. Assisting Mr. O'Hara are Miss Marie Harcourt, violinist, and Miss Marion Carley, pianist.

GUN CLOSE TO BIBLE

Rev. Harry Andrews, negro minister of Rob Roy, Ark., was arrested the other day by Deputy Sheriff J. L. McBurnett on a charge of carrying a pistol and disturbing the peace.

It seems that the reverend gentleman for some time had been getting along very well with some members of his flock, and recently has had a habit of decorating his pulpit with a "gun" as well as the Bible.

This action on the minister's part was caused by some of his recalcitrant members wanting him to leave the community.

UNADILLA'S GRADUATES

Senator Clayton R. Lusk Presents Diplomas at Commencement Exercises Tuesday Evening—Other Seasonal Events.

Unadilla, June 29.—The eight grade held their commencement exercises last Friday night. Edwin Trask made the opening address. The class gave their class songs. There was a piano solo by Almina Devey and Dora Enghels and a violin solo by Grace Boyd. The class also gave a playlet, "On the Threshold." Grace Boyd gave the closing address. Mr. Conrad presented the diplomas to the eighth grade and also to all of the other grades. There are twenty-five members in the class and their motto is, "On to Washington." The exercises were very much enjoyed. The auditorium was packed and a great many people were turned away at the door.

Rev. Yale Lyon preached the baccalaureate sermon to the graduates and a large congregation on Sunday night.

The Class day exercises were held in the school Monday night. The scene was taken from the witch scene in "Macbeth." The witches, Ruth Bouck, Mina Bedford and Mable Church, stirred the poem, history and will into the cauldron. The stage was decorated to look like forests. Nathan Falt was the class historian. Ruth Bouck, class poet. Mina Bedford gave the class will and Barbara Cone gave the class prophecy. Doris Youngs, president of the class, presented the gavel to Ethel Smith, president of the Junior class. Ada Butler, the Junior class, gave the statistics of the senior class, as to who was the greatest flirt, the prettiest, the meekest, etc. The class then sang their class song which was written by Viola Frear, and gave their yell. The orchestra gave several pleasing selections.

Commencement exercises were held in the school Tuesday night. Marion Jones gave the salutatory and a speech on "National Parks." Martha Boyd

gave the valedictory and speech on the Radiophone.

Senator Clayton R. Lusk of Cortland was the speaker of the evening and presented the diplomas. The class chorus sang a "Darkey Lullaby" by Dvorak and the orchestra gave several selections. There were fifteen members in the graduating classes.

The following prizes were awarded: Unadilla directors prize, \$25, Martha Boyd, Julia Condit; Memorial prize, \$10, Barbara Cone; physics prize, \$5, Barret Trask; geometry prize, \$5, Esther Kehr; American history, \$5, Margaret Peck; French prize, \$5, Leola Rutenber; High school spelling, \$5, Ruth Frear; English IV, \$5, Martha Boyd; English III, \$5, Marguerite Palmer; English II, \$5, Esther Boyd; English I, \$5, Esther Young; algebra, \$5, Earl Palmer; World history, \$5, Josephine Cuyler; Latin, four years, \$10, Doris Youngs; Training class prize, \$5, Mina Bedford; sixth grade geography prize, \$5, Charles Ash; eighth grade arithmetic, \$5, and eighth grade prize, \$5, both won by Grace Boyd.

The invocation was given by Rev. J. G. Brown and the benediction by Rev. Yale Lyon.

An Alumni banquet is being held tonight at the Community house.

casual crashes indicating that lightning had struck somewhere in the vicinity. Torrents of rain fell, and roads were badly washed.

The only lightning damage learned of this morning was that eight cows of Grant Maxwell, up the Little Delaware, were killed; also four belonging to Joseph Whitaker on Federal Hill, with a fifth likely to die. The cows were insured in the town company. Mr. Maxwell's dairy furnishes milk for the village, sold by R. J. Davies. The early storm seemed to pass largely south of the village, going up the Little Delaware valley and off toward Bovina.

Odd Fellows' Picnic.

A large representation of local Odd Fellows, and their wives, members of the Rebekah lodge, attended the annual I. O. O. F. picnic at Walton, held on the fair grounds there Tuesday. Odd Fellow organizations from all parts of the county sent large delegations, making a crowd that looked like a genuine fair-time assemblage. Basket lunches were brought, and noon was the dinner hour. Immediately following a parade was held, followed by speeches and then races and contests. Walton and Davenport each came in for a good share of the prizes given for the contests. Delhi was not represented in the contests. The next picnic is to be held in Davenport at a date to be later decided upon.

MOVIES AS TRADE MAKERS

The desire to be shown is not confined to Missouri, says the latest issue of The World's Business. It is universal. Especially in this time with matters of business where one's wealth, goods, happiness, and livelihood are involved. For example, imagine with what celerity a Dominican agriculturalist who has tilled the "sabanos" all his life with a single plow and an ox would reward the efforts of a young Yankee salesman to sell him in night-school Spanish on the ease and rapidity of using a modern tractor with gang plows. The answer would be: "Show me, Senor," and without a demonstration obviously the sale would be handicapped.

The latest move of the United States Department of Commerce of adopting industrial motion pictures as a means of promoting and maintaining American foreign trade is therefore logical.

The Department of Commerce has a total of more than 1,000 representatives and correspondents abroad, located in practically all the important trading centers of the world. These representatives include commercial attaches, trade commissioners, American consuls and other representatives of the State department who report on business and industrial conditions in their districts.

The plan is to utilize these extensive facilities of the department in the distribution of educational motion pictures showing the processes and steps of manufacture of the various American products. There is no governmental appropriation for this work, the success of the project resting upon the cooperation of the American manufacturer and business man in meeting the costs of production of films covering his own product.

Any American firm may participate.

POLITICAL FIREWORKS

There will be political fireworks as well as the other kind on the Fourth this year, for under the provisions of the election law, designating petitions of all parties may be put in circulation on that day and signed up to August 22, when they must be filed.

Petitions this year will go into circulation about a week later than a year ago, when they could be circulated from June 25 up to August 16.

Under the law, designating petitions can be signed only by enrolled voters of the parties which will participate in the primaries on September 19. In addition to those who are seeking to serve as delegates to the state and judicial conventions, petitions may also be circulated by those who are desirous of becoming the party's candidate for congress, state senate, the assembly and certain other county and city offices.

The election law specifies that primary petitions must be signed by 3 per cent of the enrolled voters of the party in a political subdivision, but that the number of signatures need not exceed the following: 1,500 for any office voted for by all the voters of New York city; 1,000 for any office to be filled by the voters of any first class city or of any county or borough containing more than 250,000 persons; 500 for any office in a county or borough with a population of from 25,000 to 250,000, or a second class city or any municipal court district in New York city; or a congressional or senatorial district; 250 for any office to be filled in any other county or third class city, assembly district or any aldermanic district in New York city.

TO SPEAK AT MEREDITH.

Fletcher S. Brockman Will Discuss America's Destiny.

Fletcher S. Brockman of New York and Shanghai, China, associate general secretary with John R. Mott of the International Committee Y. M. C. A., will be the speaker next Sunday evening in the Meredith lecture. His subject will be "America's Destiny."

Mr. Brockman has just returned from nearly a year's sojourn in the Orient and has been in close touch with the great events which have been occurring in China and Japan.

He is an acknowledged authority on eastern affairs. Mr. Brockman was one of the conferees with whom President Harding conferred at his home at Marion between the time of his election and his inauguration, on the Far East situation.

Mr. Brockman is a brilliant speaker of most engaging personality. His visit will be an occasion long to be remembered.

Mr. and Mrs. Brockman will be week-end guests of Mr. and Mrs. Wilfred W. Fry of Meredith.

Size of Shandaken Tunnel.

Some idea of the Shandaken tunnel may be grasped by remembering that the deepest shaft goes down 574 feet below the surface, and that at one place the tunnel itself is 2,260 feet below ground. Already 15 of the 18 miles of tunnel have been completed and recently the work has been progressing at the rate of a mile each month. This does not mean that the Schoharie development will be finished this summer—not by a good deal! For one thing, the 18 miles of tunnel must be lined with concrete. Then, too, the village of Gilboa, with its dwelling houses, church, stores, barns and all other buildings will have to be obliterated. Where they now stand in a peaceful, richly picturesque countryside, will be a vast reservoir with a capacity for holding 22 billion gallons of water. When it is filled, the surface of the water will be five feet over the top of the Gilboa church spire—supposing church and spire still were there, as they will not be, of course. — [Exchange.

NOTABLE CLIPPED NOTES

The Cable War Ends.

The Brazilian government has agreed that rights held under it by the Western Union, through its agreement with a British company that had a monopoly of the port-to-port cable business, shall be extended to other American companies. This completes the compromise by which the South American cable war was settled, enabling the Western Union to compete with the All-America Cable on the west coast, while All-America breaks into the British-Western Union field in Brazil. — [New York Times.

Unconquered Everest.

"Almost unattainable," British public opinion in India is now saying of Everest's summit. Quite unattainable Sir Martin Conway and other experienced Alpinists have called it. Oxygen does not solve the problem, but compels the climber, scarcely able to support his own weight in that thin and chilly air, to assume a burden of 40 pounds of mechanism to help out his own breathing apparatus. The lungs gain; the muscles pay.

Perhaps one year more may see Everest conquered. It may be ten years or never. — [New York World.

Heroines of the Switchboard.

It is pleasant to notice that eight of the employees of the Bell Telephone company of Pennsylvania have been presented with medals for "devotion to public service." One was a woman who was in the Bryn Athyn wreck last December, and who took her post at a nearby farm house and remained there for hours until every message for aid had been successfully transmitted. This is not the first time that women operators have performed heroic services in the face of unusual circumstances. — [Philadelphia Inquirer.

Athletics at Yale.

President Angell, of Yale, has made a tactful and progressive move in his appointment of John T. Blossom as athletic director in the place of Professor Mendall, who recently resigned. The new director's duties will be considerably different from those which led his predecessor into trouble. He will not be a coach in any sense, as Professor Mendall was, but will devote himself to the general organization and to co-ordination of sports and physical activities. — [Philadelphia Record.

Coney's Proper Feature.

Coney Island is not to be deprived of one of its distinguishing features. The courts have just overruled the efforts of the police to stop the barkers from yelling in front of their joy places. It seems to be the opinion that noise at Coney Island is quite the proper thing.

No Horse-Hair Chains.

What has become of the old-fashioned hired man who used to make watch chains out of horse hairs? He's out in the garage tinkering with a tractor. — [Watertown Times.

If Gold Were Divided.

The largest shipments of gold ever sent to the United States arrived in New York the other day. A shipload of bullion it was, and if we divided it up it would give us about 30 cents apiece. — [Cleveland Plain-Dealer.

Nobody Mistaken!

When the mayor calls an alderman a "damned fool" and the latter calls the mayor "no gentleman," a conciliatory citizen can admit that both may be right. — [Wall Street Journal.

To Make World Better.

Every boy and girl should give some thought toward making the world better. There is no more definite course to pursue than taking part in what is being done by local, state and national governments. — [Watertown Standard.

The Jests of Long Ago.

Some one says that a hundred years from now our jokes will be incomprehensible to our descendants. But we doubt that, for many of the jokes that we have with us today are a hundred years old or more. — [Albany Journal.

TEACHERS ON VACATION.

Members of the High School Faculty Plan to Enjoy Summer Vacation.

The teachers of the faculty of the Oneonta High School have completed their duties for the school year and are now at liberty to enjoy their well-earned vacation. Many have already left the city for their homes and others are planning to attend summer sessions at college. The following have announced their intentions for the summer months.

Miss Marie Henderson will spend the summer travelling in Europe. Miss Ellen Briggs will spend the summer at her home in this city. Miss Cecile Cooke will also remain in the city. Miss Bertha Cowan will spend some time at her home in Cortland and will take a summer course at Syracuse university. Miss Marion Davies will be at her home in Franklin. Miss Lena Freeborn will go to Boston and later will take a course at the Mechanics' Institute at Rochester. Miss Anna Craft will be at her home in Elmira. John T. Lawlor will attend the summer session at Cornell university. Physical Training Instructor Riley will take a summer course in physical training at Harvard university. Miss Zoe Rowland will take up advanced work at the University of Michigan. Miss Daisy Soren will be at her home in Watertown. Miss Eva Thompson will spend part of her vacation in Oneonta. Miss Florence Wade will spend the summer in Albany, where she will take up work in studying conditions in business houses. Miss Marie Wendling will be at her home in Buffalo.

Largely Attended Clinic.

Twenty-three cases were examined by Dr. F. J. Winsor at the regular monthly tuberculosis clinic held at the Community house yesterday afternoon. There were nine new cases, divided as follows: Active tuberculosis, 2; inactive tuberculosis of the spine, 1; suspected case, 1; and mastoid case, 1. There were eight cases from previous clinics, and six ex-antennum cases all maintaining their improvement. The next clinic will be held at the Community house on July 27.

Ridge Is Scene of Battle

Scene on one of the dumps at the Southern Illinois Coal company mine near Herrin, where the mine was pitched battle was staged. The attackers were in the thickets at the right and on back towards a big road, while the defenders fired from the top of the ridge shown at the left. It was near the pole where the flag of truce was raised.

WHERE GRADUATES WILL GO

Large Number of Class of 1922 Will Pursue Studies in Higher Institutions or Will Take Post-Graduate Courses.

Many members of the graduating class at the Oneonta High school who received their well-earned diplomas last Wednesday night have announced their intention of entering college or the Normal in September. The percentage of those who have ambitions of obtaining a higher education is larger than in any previous year. It is gratifying to know that work so well begun in high school will be carried on in some of the splendid colleges and schools of the state. Oneonta Normal school claims a very large percentage of this year's graduates, due very largely to the pleasant outlook and greater remuneration in store for members of the teaching profession in the future. Technical schools lure the boys and several have already chosen the field of their endeavors next fall. The list of those whose plans have been announced is as follows:

Imogene Ackley — Stenographic course at Albany Business college.
Dorothy Allen — Oneonta Normal, or post-graduate course at Oneonta High school.
Eather Beams — Oneonta Normal school.
Margaret Becker — Oneonta Normal.

Dorothy Terry — Albany Business college.

Wayne Tyson — Wesleyan university.
Grace Utter — Oneonta Normal.
Alice Webster — Oneonta Normal.
Helen Yagel — Oneonta Normal.

Say Bill! They're selling used cars so cheap at the Francis Motor Sales company, 299 Main street, that it almost makes you feel guilty to take them away. However, this man Francis is not such a bad sport they say. If he gets stuck, he takes his medicine and sells the used cars at bargain prices. Better hurry, too, as there is no telling how soon the present stock will be exhausted and goodness only knows where they'll ever get any more when these are gone. advt 6t

TWENTY AND THIRTY YEARS AGO

Days of Old Recalled by Items Clipped from The Star Files.

June 30, 1902.

A tennis court has been constructed on the lawn of James Stewart.

Several subscriptions have been secured toward keeping the Normal ball team in Oneonta for two months.

Dana Conklin has resigned as secretary of the local Y. M. C. A. to accept a similar position at East Syracuse.

The Post Office nine defeated the Head Lights from Doyle & Smith's cigar factory, 10 to 6 yesterday. Assistant Postmaster M. C. Hemstreet achieved distinction at first base. The batteries were: Post Office—Hickey and Hines; Headlights—VanBuren and Geisach.

W. A. Hunter should be credited with the finest trout catch of the season. On a recent afternoon he captured 35 of the speckled beauties, nearly all weighing over a half pound. At one place, without stirring from his tracks, he secured 13 of the finest ones.

June 30, 1902.

Joel M. Denton, a prominent resident of the city for several years, died at his home at 27 Elm street yesterday.

A. R. Smith has sold his long established harness and carriage business at 30 Broad street to the Smith Carriage and Harness company.

O. R. Harmon of Oneonta was elected a delegate to the national encampment at the 36th annual state

G. A. R. encampment held in Saratoga on June 26 and 27.

Hartwick will celebrate the 100th anniversary of the founding of the town on July Fourth. Dr. Daniel Luce will be president of the day and Robert L. Luce, esq., of New York city will be the orator.

Sunday School Classes Picnic.

Members of the classes of Misses Mildred and Marjorie Easton and Miss Edna Fiske of the First Methodist church, to the number of thirty, enjoyed a picnic at Neahwa park yesterday afternoon. The youngsters provided the "eats" and enjoyed the afternoon's outing to the utmost.

A Surprise Party.

On Wednesday evening Miss Mary Fitzgerald was given a surprise party at her home, 170 Chestnut street, by the employees of the F. W. Woolworth company, the occasion being her birthday.

Physician Surprised

"Hearing of some good results from the use of May's Wonderful Remedy I decided to try it on a chronic case of indigestion and gastritis I was interested in. After the first dose the patient was relieved of great trouble and was soon able to eat solid food and many things he had not eaten in years." It removes the catarrhal mucus from the intestinal tract, and allows the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Advt.

LOCAL MENTION

—Preparatory services will be held at the United Presbyterian church this evening at 7:30.

—The picnic to have been held today at Canadago lake by the High school graduating class has been postponed.

—The Oneonta Giants enjoyed a rest yesterday, the game at Norwich being postponed on account of wet grounds.

—The E. D. Farmer Woman's Relief corps held a very enjoyable social at the home of Mrs. Sarah Wilcox on Washington street yesterday. The afternoon was spent in social intercourse and at 5:30 a most appetizing supper was served.

WALTON HERE TODAY

Strong Team That Defeated Giants in Close Game Wednesday Will Make Initial Appearance Here Today.

One of the best games of ball witnessed in the city this season is promised for today when Bridwell's Giants and the Walton team clash in the second contest of their series. The teams are evenly matched and the game should be a battle royal from the time Umpire Beane starts things going until the last man is out in the final inning.

On Wednesday Oneonta suffered a 3 to 1 defeat at the hands of Walton at that village. Both teams played tight ball and the game was a pretty exhibition, Walton winning by bunching hits off Snyder in one inning. Bridwell and his merry men will try their damndest—and that's pretty good—to turn the tables on their Delaware county rivals this afternoon and local fans are fully expecting them to do it. It is Thomas' turn to pitch and it is probable that he will be "Al's" choice to burn 'em over.

Things will open up at Neahwa park at 4:15.

MOTORCYCLIST INJURED

Herbert Payne Receives Severe Cut When His Machine Crashes into Auto at Foot of Viaduct.

Herbert Payne of this city sustained a deep cut on one arm and his motorcycle was badly damaged when it collided with a car driven by Peter VanHousen of South Side at the foot of the viaduct yesterday morning. Payne was taken to the Fox Memorial hospital, where his wound was dressed.

VanHousen was driving home and was turning into the Elmore Milling company's drive to get some feed when the motorcycle approached from the opposite direction. Payne was not aware that the car was about to swing across the street and into the drive and he applied more power to gain momentum for the viaduct climb just as VanHousen turned. The car and motorcycle met squarely. Payne was thrown several feet and sustained a deep gash on one arm. His machine was considerably damaged.

SUSTAINS FRACTURED ANKLE

Clifford Winans Injured in Fall While Playing Ball.

Clifford, youngest son of Mr. and Mrs. George L. Winans of Elm street, while playing ball in front of the family home shortly before 1 o'clock Thursday afternoon, accidentally slipped on the wet walk and fell, sustaining a fracture of both bones of the right ankle. The injury was at once recognized as serious and he was removed to the Fox Memorial hospital where Dr. Arthur W. Cutler, after taking an X-ray of the injury, reduced the fracture. The unfortunate young man was removed to the family home at 7 o'clock last evening and while suffering considerable nausea from the effect of the ether was otherwise quite comfortable.

Clifford is employed at the City Drug store and is a young man with many friends about the city who learn with regret of his misfortune. He was wearing soft shoes with rubber soles at the time, which it is thought contributed to the fall. He will return to the hospital again today for another X-ray picture, to be certain that the bones are all in place.

Dr. Cutler, while considering the injury a serious one, is quite confident that the ankle will not be permanently impaired.

GENERAL MANAGER RESIGNS

C. A. GRAVES RELINQUISHES MANAGEMENT OF SOUTHERN NEW YORK RAILWAY COMPANY

Will Be Succeeded on July 1 by A. J. Stratton of Pottsville, Pa. Future Plans Not Announced—Has Been Chief Scientist Manager and Departure Will Be Regretted.

C. A. Graves, general manager of the Southern New York Power and Railway corporation for the past two years, has tendered his resignation to the directors of the company to take effect on July 1, it was ascertained yesterday. He will be succeeded in the management of the road by A. J. Stratton of Pottsville, Pa., who is in Binghamton today at the hearing on the proposed abandonment of the Normal line in this city and who will assume his new duties on Saturday.

No reason was stated for Mr. Graves' resignation but it is understood that he has desired for some time to return to New York city where he was for some years connected with the Brooklyn Rapid Transit company and that he saw an opportunity to sever his connection with the trolley company when the latter was taken over by the New York State Gas and Electric corporation a little over a month ago. He has not announced his plans for the future, but will remain in Cooperstown for the summer.

Mr. Stratton, who will succeed him in the management of the trolley company, comes from Pottsville, Pa., where he has been connected with a traction company controlled by the J. G. White Management corporation, which also has charge of the affairs of the New York State Gas and Electric corporation, present owners of the Southern New York company. Since the general offices of the trolley company are now located in Oneonta it is probable that Mr. Stratton will make his residence here.

Mr. Graves succeeded C. L. Stone as general manager of the trolley company on July 1, 1920, coming from the General Motors corporation, with whom he held a responsible position. During his two years with the trolley company he has done very effective work in the face of severe handicaps, including periods of excessive storms which have done considerable damage to the roadbed. The breaking of the Colliers dam sluiceway was another difficulty which Mr. Graves successfully overcame. Under his management the road has rendered efficient service to the public and its affairs have been very capably handled.

Although Mr. Graves resided in Cooperstown, he has always had a keen interest in affairs in this city and is well known and much liked and respected here. He was recently made a member of the Oneonta Rotary club. Many friends in Oneonta, in Cooperstown and throughout the territory served by the road will regret that he is to leave and will wish him abundant success in whatever venture he undertakes.

POLICE OFFICERS RETURN

Visit to Philadelphia After Confidence Man Productive of Some Good—Accomplish Held for Grand Jury.

Chief of Police Horton, Officer Simmons and Mike Paganovich, who had been gone from the city since Monday night in search of the man who fled the Police out of \$4,000, returned early yesterday morning, without their man but in possession of information which leads them to believe he will be apprehended in the near future.

The party had been to Philadelphia, where the fugitive was thought to reside, the trip being made in the police Ford. No trace of the man was found in Philadelphia, but it was ascertained that he is known to police authorities there. They have been working on his case and it is hoped that they will soon have the "swindler" in their clutches.

Joseph Servin, the accomplice who was captured at Sidney on the day of the crime, was arraigned yesterday morning on the charge of first degree grand larceny. He waived examination and was held for the grand jury by Judge Huntington under \$5,000 bail. Being unable to obtain that sum, he was taken to Cooperstown yesterday.

FATE OF NORMAL LINE

Will Probably Be Determined by the Hearing on the Application for Approval of Declaration of Abandonment at Binghamton Today — City Will Be Well Represented.

The continuation of the Normal trolley line in this city will be determined as a result of the hearing to be held at the office of Commissioner Blakeslee at suite 510 People's Trust company building in the city of Binghamton at 11 o'clock today at which time the commissioner will hear the application of the trolley company for approval of a declaration of the abandonment of the Normal line along Church, Center and Maple streets.

The city administration, while taking a neutral attitude on the proposal, will be represented by Mayor C. C. Miller, Attorney George L. Gibbs and City Engineer Frank M. Gurney. They will endeavor to protect the interests of the city and see that if consent is given to abandon the line that the street is left in suitable shape and that all the poles, wires, ties and rails are removed and promptly, and not permitted to remain to interfere with the improvement of the said streets. They will, it is presumed, endeavor to have the commission direct that the line is to remain, that the road be improved and put into condition for safe operation.

There will, it is expected, be delegations present, one favoring the removal of the line and another opposing it. It is said that property owners along Church and Center streets will, with few exceptions, favor its removal, while residents in the vicinity of the Normal school and along Upper Maple street will oppose.

At a previous hearing the commission directed that an effort be made to continue the line and give service. It is understood that the traffic has not increased, though it will be a mooted question whether the service has been improved or not. At that time the city administration was actively in opposition. The outcome will doubtless depend upon the showing that the company is able to make relative to its possible earning power, and the extent to which those opposed will be able to show that it is a public necessity and that it should be retained for the benefit of the public.

WOMAN ANNOYER FINED

Judge Huntington Issues Warning to Street Loafers in Sentencing H. A. LaRose, Convicted of Improperly Speaking to Woman.

Judge Huntington gave a stern warning to men who stand about the streets and offer remarks to women when he sentenced H. A. LaRose, convicted of just such an offense, in city court yesterday morning. Judge Huntington stated that such conduct must stop and that offenders brought before him in the future would be given a lengthy sojourn in jail. He fined LaRose \$25 and suspended a jail sentence of 30 days which he suspended upon condition that the young man conduct himself properly in the future and report regularly to Chief Horton. The fine was paid.

LaRose was arrested Saturday evening after James Daston of 34 Dietz street complained that the boy had spoken improperly to his wife as they were passing LaRose's fixed beat in front of Goldwater's store. Daston, informed at the remark, struck LaRose and a fight ensued which ended with the arrest of LaRose as a disorderly person.

When arraigned Monday LaRose, asked for a jury trial and the case was adjourned until yesterday. He was represented by Attorney Claude V. Smith who maintained that the remark, a comment upon Mrs. Easton's age, was not indecent or improper and that LaRose knew her and thus had a right to speak to her. Police Attorney Donald H. Grant, who represented the people, contended that LaRose was standing in such a position that he could not have seen who she was and that remarks may be annoying and disorderly without being profane or obscene.

The jury returned a verdict of guilty after being out but a few minutes and the young man was sentenced as stated above.

Quigley Taken to Cooperstown.

Being unable to furnish the \$3,000 bail set by Judge Huntington, Joseph Quigley, alias Arthur E. Burdette, was taken to the Cooperstown jail yesterday by Sergeant Odell and Officer Crouch to await the action of the grand jury on the charge of first degree grand larceny preferred against him, after he had given George J. Clute a bogus check for \$1,000 in part payment for a Hudson touring car.

SHOOTS SELF WITH RIFLE

James Roland, Milford Center Farmer, Commits Suicide Because of Despondency Over Ill Health—Funeral Today.

Milford Center, June 29. — James Roland, 67, committed suicide by shooting at about 8 o'clock this morning at his home on the state road two houses above the camp house of E. M. Ronan. Death was instantaneous, the 45 calibre lead bullet from an army rifle shattering his skull. It is thought that despondency over continued ill health was the cause of his rash act.

Roland had seemed cheerful during the morning and when Mrs. Viola Henyon, who with her husband resides in a portion of the house, left for a neighbor's house on an errand, he was sitting on the front porch. A few minutes later Mrs. Henyon heard a shot and with Mrs. Nellie Beams rushed to the house and looking through the window saw Roland seated in a chair with his head shattered and a rifle by his side. M. G. Wright, a neighbor, was summoned and he entered the house and seeing that life was extinct called Coroner N. W. Gotman of Oneonta.

The unfortunate man had placed the barrel of the 45 calibre army rifle, one he kept in the house, to the left temple and had pushed the trigger with a poker. The lead bullet expanded and practically tore his skull to pieces, literally blowing out the man's brains.

Roland had been in poor health for some time and had suffered a shock last winter which practically paralyzed one side of his body. It is thought that he had brooded over his condition and that suicide had seemed to him the only way out of his sufferings.

He was born here 67 years ago and spent his boyhood life here, moving out west later. Sixteen years ago he returned and purchased the 50 acre farm upon which he had since resided. He had never married. Surviving him are two sisters, Mrs. Celestia Jewell of Oneonta and Mrs. Mary Richardson, who lives near the upper Oneonta reservoir. There are also several nieces and nephews, including Mrs. Earl Hall of Oneonta, Miss Grace Royland of Binghamton, Charles Roland of Laurens, Bernard Richardson of Oneonta and Jay Richardson of Oneonta.

The funeral will be held on Friday at 3 o'clock at the Milford Center Baptist church, Rev. W. W. Ward officiating. Interment at Milford Center.

Attends Ministerial Council.

After attending for five days the sessions of the Ministerial conference of the African Methodist church, Rev. Mrs. J. E. Anderson, pastor of the local church, arrived home last evening from New York. More than 1,000 ministers and 18 bishops, from the United States and other countries, were present, but Mrs. Anderson was the only woman minister to be accorded all the courtesies of the convention and reports a very enjoyable and profitable time.

The Trout Did Bite.

Local disciples of Isaac Walton who were fortunate enough to be along the streams yesterday reported unusually good luck, the fish biting relentlessly. Numerous good catches were exhibited but there were probably few which beat that of A. J. Shaw of 49 Maple street, who caught eleven German Brown trout, among which were two big beauties, one 17 inches long and the other 14.

TELEPHONE PEOPLE TO MEET

District Meeting at O-te-sa-ga Hotel, at Cooperstown Tomorrow — Mr. Fluhner of O. & D. Company Will Be Host at Boardroom Around Otsego Lake.

A district meeting of the Up-State Telephone Association of New York is to be held at the O-te-sa-ga hotel at Cooperstown on Saturday, July 1st.

Besides the officials and directors of the association, there will be in attendance at this meeting delegates and representatives from local telephone companies operating in this immediate vicinity, covering Herkimer, Fulton, Montgomery, Schoharie, Greene, Delaware, Sullivan, Otsego, Broome, Chenango, Cortland and Madison counties.

The Up-State Telephone association was organized about a year and a half ago and comprises some 300 telephone companies operating within the state of New York. George R. Fuller, president of the Rochester Telephone corporation, is president of the association; G. W. Greene, general manager of the Glen Telephone company at Gloversville, is secretary, and J. G. Ihmsen is vice president and general manager with offices at 25 Eagle street, Albany, the general offices of the association. H. W. Fluhner, general manager of the Otsego & Delaware Telephone company, is one of the vice presidents and a director of the association.

The Otsego & Delaware Telephone company, within whose territory this district meeting is to be held, will entertain the visitors at a luncheon at the O-te-sa-ga and otherwise try to make their stay pleasant while in Cooperstown by giving the delegates and their wives a boat ride around Otsego lake.

The meeting will be called to order at 10 o'clock in the parlors of the O-te-sa-ga hotel and from all indications there will be a good attendance. Papers will be read by officials of the Otsego & Delaware Telephone company and others and considerable time given to open discussion of telephone problems.

A further report of the proceedings will be given in Monday morning's Star.

RETURNS FROM CONVENTION

Mrs. A. L. Kellogg One of State Delegates at National Convention of Federation of Woman's Clubs.

Mrs. A. L. Kellogg returned last evening from Chautauque where as a delegate from the New York State Federation, she had been attending the biennial convention of the National Federation of Woman's Clubs. The convention was a splendid success and was attended by 3,000 women representing every state in the union.

Among the important speakers were Representative Burton of Ohio, who discussed international relations, and Will Hays, former postmaster general and now director of the motion picture industry. Mr. Hays promised the women that we would have better pictures and that objectionable features, such as the caricaturing of religion, would be done away with. He also said that the advertising would be made more wholesome by the abolition of suggestive pictures on posters and other advertising material.

MARRIAGES.

Tompkins-Warren.

Andrew J. Tompkins of Delhi and Miss Mable A. Warren of 26 Elm street, this city, were quietly married at 6 o'clock last evening at the First Methodist parsonage, by Rev. Dr. E. M. Johns. Their only attendant was the bride's mother, Mrs. Elizabeth Warren. Following the ceremony, Mr. and Mrs. Warren left for an automobile trip through New England, upon their return from which they will reside in Middletown.

The bride is a graduate of the Oneonta Normal school and has been an instructor in the Stamford school. Mr. Warren is an inspector for the Sheffield Farms company. Both have many friends, who will extend congratulations and best wishes.

STEWART-HOYT NUPTIALS

Miss Mabel Louise Hoyt of High School Faculty Becomes the Bride of Charles S. Stewart, Also of this City—Bride and Groom Highly Esteemed.

Yesterday, at 12:30 o'clock, at Trovato's lodge, the summer home of Mr. and Mrs. J. Gould Hoyt, on Goodyear lake, occurred the marriage of their only daughter, Mabel Louise, to Charles S. Stewart, also an esteemed resident of this city, the ceremony being witnessed by a gathering of about 40 relatives and intimate friends and being performed by the bride's pastor, Rev. L. C. Denney, rector of St. James Episcopal church, the full ring service of that church being used. The wedding was quite informal and free of ostentation.

The bride was attended by Miss Carroll Grimmer of Cambridge Springs, a former teacher in the high school, the best man was Earl S. Hoyt, a brother of the bride. The bride's gown was of white crepe de chene and she carried a bouquet of white roses while the bridesmaids wore pale green organdie and carried pink roses.

The lodge was prettily decorated for the happy event, luncheon and dances being used effectively in carrying out the color scheme of white and yellow. Following the ceremony an elaborate dinner was served with Mrs. Chester A. Miller as caterer. Assisting in serving were four friends of the high school faculty, the Misses Grah, Cowan, Wendling and Severin.

Mr. and Mrs. Stewart departed by motor car late in the afternoon for a two week pleasure trip through the Adirondacks and to Thousand Islands and Monticello and returning by way of Lake Champlain and Lake George. They will reside at 74 Center street where they will be at home to their friends after August 1st.

Mr. Stewart is a member of a well-known and respected family. He is now occupying a good position with the Elmore Milling company at the plant here. His bride is a highly esteemed young woman of this city, who since her graduation from the Oneonta State Normal school and Middlebury college, has taught in Port Jervis and more recently at the Oneonta high school. She was the recipient of many choice and beautiful gifts from admiring friends.

The friends and relatives from away in addition to those from this city included Mr. and Mrs. M. C. Gregory, the Misses Lena and Lettie Sewell of Unadilla, Mrs. Grimmer and Miss Grimmer of Cambridge Springs, Pa., Mr. and Mrs. Ralph Hoyt and Miss Mary Hoyt of Hobart, Mr. and Mrs. Frank Williams and Miss Clarissa Huyck and Leigh Huyck of Richfield Springs; Mr. and Mrs. A. F. Nearing of Ganarville.

CANNING-BARNES NUPTIALS.

Popular Young Residents of Oneonta Married at Noon Yesterday.

George Carroll Canning and Miss Muriel Sarah Barnes, both of this city, were married at noon yesterday at the home of the bride's parents, Mr. and Mrs. Arthur W. Barnes, 267 Main street in this city. The wedding was a quiet one, only a few of the intimate friends and the immediate families of the parties being in attendance. The impressive ring ceremony was performed by Rev. Philip M. Luther of the Lutheran church of the Atoneinent in the parlors of the Oneonta residence, which were handsomely decorated with roses, daisies and peonies.

The bride was attended by Miss Margaret Perkins of Sidney, and John A. Canning, Jr., a twin brother of the groom, was best man. The bride was attired in a traveling suit of dark blue tulle, with hat of light green, and carried a bouquet of light yellow roses. The bridesmaid's dress was of dark blue voile.

Following the ceremony and congratulations, a delicious wedding luncheon was served, after which Mr. and Mrs. Canning left by auto on a brief wedding trip to Albany. They will return later in the week to Oneonta, and on Monday, accompanied by Mr. and Mrs. James Compton, will leave on a western trip, which will be made by auto. A trailer will be attached to their car, and it is the intention of the party to camp at interesting points along the route. While the length of the trip is not stated, there is no doubt that it will be considerably prolonged.

Mr. and Mrs. Canning were the recipients of many valuable and beautiful gifts, including cut glass, china, linen and a substantial sum in money.

Among the guests in attendance at the wedding were Postmaster and Mrs. Frank A. Bartley of Sidney, personal friends of the bride and her family.

The bride is a graduate of the Sidney High school and a student for the past year and a half of the Oneonta State Normal school. She has fine musical attainments and has for some time been a member of the Canning orchestra. The groom, who is a son of Mr. and Mrs. John A. Canning, Sr., of 8 Ford avenue, was a member of the American Expeditionary Forces and served 14 months in France. He is also a member of Canning's orchestra and has for several years been a valued employee of the Otsego Publishing company. Both much respected young people with many friends, who extend heartfelt congratulations.

DEATHS.

Mrs. Florence Miller

Word has been received by relatives at West Oneonta of the death at Herkimer of Mrs. Florence Miller, a former resident of Laurens and well known throughout this section. The funeral will be held in Herkimer on Saturday at 11 o'clock. Further notice concerning her life will appear in Saturday's Star.

MRS FRANCES RELYEA

Well-Known Resident Expires After Long Illness—Funeral Sunday.

Mrs. Frances Relyea, a well known and respected resident of this city, died at 9 o'clock Thursday morning at the home of her son, Arthur J. Relyea, 105 Clinton street. Her death, which was of cerebral hemorrhage, was not unexpected, as in January last she had suffered a shock from the effects of which she had ever since been confined to her bed. She had suffered an earlier shock about seven years ago, from the effects of which, prior to the second attack early the present year, she had reasonably recovered.

The funeral services will be held at 105 Clinton street Sunday, at 2 p. m. Her pastor, Rev. P. M. Luther, will officiate, and interment will be in the family plot in the Plains cemetery, the funeral services being on the 73d anniversary of her birth.

The deceased, whose maiden name was Violetta Madilla Kniskern, was born July 2, 1849, in Carlisle and was a daughter of Jacob and Harriet (Brown) Kniskern of that township. She was married to Mr. Relyea Dec 31, 1869; and they continued to reside in Carlisle until about 27 years ago, when they removed from their native county of Schoharie to Oneonta, which had ever since been her home.

She was a member of the Lutheran church of the Atoneinent in this city, and so long as her health permitted, was a regular attendant on its services. She was a woman of fine qualities of mind and heart, and had many friends during the long period of her sojourn here; but it was the home to which she was most devoted, and in the family circle that she will be longest missed and her death most deeply lamented.

The deceased is survived by her husband and son, above named, and by three grandchildren, Harold A. Relyea, who is a student in Columbia university, Miss Ruth Relyea, dental hygienist in the offices of Dr. E. S. Relyea, and Miss Alice Relyea, who is a member of this year's class of the Oneonta High school. She leaves also four sisters, Mrs. Henry Lamont and Mrs. Jane Brown of Cobleskill, Mrs. William Relyea of Fort Plain and Mrs. Lillian Relyea of Voorheesville; and one brother, Chester Kniskern of Cobleskill. Also in Oneonta and in her native county, there will be general sympathy to all of these in their bereavement.

FUNERAL LARGELY ATTENDED.

That of Frank Hanes Held from Late Residence on South Side.

One of the largest attended funerals ever held in the town of Oneonta was that of the late Frank Hanes held from his late residence on South Side Thursday afternoon at 1:30 o'clock, the residence and the lawn about the house being filled with friends gathered to pay their last respects to the deceased.

The services were conducted by Rev. Dr. Charles S. Pendleton of the Main Street Baptist church, who delivered a short sermon full of consolation for the bereaved family and of eulogy of the life of the deceased.

There were many friends from away in attendance including people from Oxford, Greene, Schenectady, Davenport, Wells Bridge, and Otsego, in addition to many from this city.

There were many beautiful floral tributes including one from the Oneonta Grange of which the deceased was a charter member and of the membership of which there were many in attendance. The bearers were Lester Green, Earl L. Hall, Charles N. Bingham and Alfred McDonald.

same time. They left him feeling as well as could be expected.

Damon L. Getman, who had been visiting his brother, Dr. Albert A. Getman, at Skaneateles since his graduation from Hamilton college last evening, is now at his home in this city.

After a short visit here Mr. Getman will go to Syracuse where he has accepted a position as building inspector with the Board of Underwriters.

WEDDING ON SOUTH SIDE

Miss Marie Dolg and Bertram Blencoe United in Pretty Ceremony at Bride's Home Yesterday Noon.

The spacious home of Mr. and Mrs. James Dolg on South Side was the scene of a pretty June wedding yesterday at noon when their daughter, Miss Marie J. Dolg, was united in marriage with Bertram Blencoe. The ceremony was performed by the bride's pastor, Rev. F. M. Caughey, of the United Presbyterian church of this city, and there were no attendants, the ceremony being simple but nevertheless impressive. The bride presented a pleasing appearance in a gown of white silk crepe de chine and carried a shower bouquet of bride's roses. The couple were united before a beautiful arch of ferns and roses and the parlor was extensively decorated, the color scheme being pink and white throughout.

After congratulations had been extended the newly-wedded couple, a delicious wedding dinner was served, 30 guests, mostly relatives and intimate friends, sitting down to the delicious repast prepared by Mrs. Mary Dolg, mother of the bride. The bride's table was decorated with pink and white roses. The bride's sisters, Misses Leona and Margaret Dolg, and her friend, Miss Emma Covert, assisted in the serving. They wore white dresses.

During the merry-making, Mr. and Mrs. Blencoe made their departure, amid a shower of rice and confetti, and will enjoy an automobile tour through the state, stopping at several points of interest. Upon their return, they will make their home on South Side, where the groom has a furnished home awaiting his bride.

Few young people are held in higher esteem on South Side than Mr. and Mrs. Blencoe. Both have spent practically their entire lives here and have won a warm place in the hearts of the community, where the culmination of the romance is viewed with general favor. Their many friends will rejoice that they are to make their home here. He is the only son of Mr. and Mrs. Frank Blencoe and is an industrious young farmer.

The following from out of town were present at the wedding: Mr. and Mrs. J. S. Kilpatrick and Mrs. Jennie Leal, Birmingham; Mr. and Mrs. Samuel Hamilton and Mr. and Mrs. Ralph Grant, Hamden; Miss Edna Covert,

DeLancey, Joseph Hamilton, Miss Carrie Hamilton, and Mrs. and Mrs. R. I. Sanderson and two daughters, Delhi; Mr. and Mrs. J. E. Graham, Stamford.

The bride was the recipient of many beautiful gifts, including cut glass and linen, and also a sum of money. The South Side Neighborhood club, of which both are members, sent a glass fruit bowl.

DOUBT VILLA IS PEACEFUL FARMER

Movements of Former Bandit Chief Closely Watched by Mexico City Officials

Mexico City, June 29.—Despite his repeated assurances that he is no longer a bandit but a gentleman farmer of the state of Durango, the movements of Francisco Villa are being closely watched in official circles here. To some observers it is difficult to believe that this former guerrilla has accustomed himself to the routine of ranch life and is now finding in his growing crops and lowing herds the contentment that a man of his tremendous nervous energy derived in the past from daring deeds of warfare.

Is Villa the staunch friend of the Obregon administration that his friends claim for him? Will Villa stay out of politics and play no part in the forthcoming congressional elections? In the event of a serious threat against Obregon's power would Villa rally his 4,000 ranchers in his half of the revolution or would he lead his men in a new revolution? These are the frequent questions of the street here and the answers are as varied as those who make reply.

The pacification of Villa is proclaimed by the friends of the Provisional President de la Huerta as the one big achievement of his short administration in 1920. To secure the peace pact with the famous bandit chief was necessary for the Mexican government to grant him an extensive tract of land on which his faithful followers, numbering some 4,000, might work and prosper. There was also a transfer of considerable cash which Villa said he needed to develop his new ranches. It is also understood that one of the stipulations of the agreement was that Villa was to stay out of politics.

Villa settled in the state of Durango and the few rancheros who have visited his hacienda report that it is an enthusiastic farmer. Of late, however, stories have been creeping out of the north to the effect that furrowed fields and blooded dairy stock are commencing to pall and that to relieve the monotony, the captor of Columbus is mixing just a trifle in the state politics of Durango. Some reports are that he has been asked to run for governor and has consented, but persons close to the man deny the rumor. No matter what the facts, the uncertainty of Villa's action is causing considerable comment in capital, which within the past two months has been put on the qui vive several times by "authentic" statements that the Durango rancher was on his way to Mexico City to consult with his president. He has never arrived and there is small possibility that he will come.

All of which has merely served to rekindle the month-old questioning—Will Villa stand fast no matter what turmoil might arise in Mexico City? If one is to believe stories of Villa's heavy investments in oil drilling outfits and his rumored plans to rebuild a stockyard and packing house at Ciudad Juarez which his men destroyed several years ago, there is reason to think that the Canutillo farmer is just that and nothing more. On the other hand, visitors at the ranch say that the Canutillo arsenal is well supplied with arms and ammunition. But, as they say, Villa must aim himself to protect his ranch from bandits.

MANY RUSSIAN-AMERICAN WORKMEN RETURN TO RUSSIA

Moscow, June 4. — (By mail). — Immigration of American or Russian-American workmen is becoming an increasingly important factor in Russian industry. Ludwig Martens, former Soviet Ambassador to the United States, who now is in charge of this department in Russia, reports that reported to the Council of Labor and Defense that over 5,000 of these immigrants have recently arrived. Many others are on the way, including mechanics, agricultural groups and technical experts.

The Council of Labor and Defense resolved to support this immigration, because it does not burden Russia, but on the contrary lightens the situation, as the immigrants bring their own food and tools.

GIVEN HONORARY DEGREES

State College of Teachers and Brown University Ute in Honoring Harry W. Rockwell, Former Oneonta Superintendent, Now Principal of Buffalo State Normal School.

The Buffalo Evening News of Monday, June 19, contained the following articles which will be read with interest by a multitude of the Oneonta friends of the subject of the sketch, Dr. Harry W. Rockwell, who for four years wisely directed the destinies of our public schools.

"Principal Harry Westcott Rockwell of Buffalo State Normal school today received the honorary degree of doctor of pedagogy from the New York State College for Teachers at Albany. Wednesday his alma mater, Brown university, will confer upon him the honorary degree of master of arts."

"President A. R. Buehler of the state college conferred the degree of doctor of pedagogy upon Mr. Rockwell for his 'achievements as a teacher and administrator.'"

"From Albany Mr. Rockwell will go to Providence Wednesday where President W. H. P. Faunce of Brown university will confer the master of arts degree in appreciation of Mr. Rockwell's long career in the school system and high regard and esteem in which he is held by teachers and educators."

Principal Rockwell, who came to Buffalo in 1919, was born in Rockwell's Mills, Chenango county. He began his teaching career at Oneonta High school in 1907. He was superintendent of schools at Oneonta, leaving Oneonta he went to White Plains as principal of the important high school in that city.

"After five years at White Plains Mr. Rockwell accepted the job of supervising principal of the public schools of 'The Pelhams,' including North Pelham, Pelham and Pelham Manor, in Westchester county."

"Columbia university in 1917 conferred the degree of master of arts upon Mr. Rockwell."

British golf experts say the cheerfulness of Jock Hutchison, British open champion, is worth two strokes a round to him. Here Jock smiles as he gets out of the rough in the Thousand Guineas tournament in Scotland.

ferred the degree of master of arts upon Mr. Rockwell.

"Since Mr. Rockwell came to Buffalo, the Normal school has grown to an enrollment of 750. The summer session registration has increased fivefold in the last three years, numbering 1,100 last year. A four-year collegiate course leading to the degree of bachelor of science is now given in the household arts department. Beginning in September, the duration of the general normal course will be changed from two to three years."
